

URGENT: PLEASE READ

Lately there has been a flagrant disregard for club rules and polices regarding dumping of trash, shooting after hours, and willful damage to club property. Someone has been dumping trash at the Sanford range, and the 4x4 posts and 2x4 boards that support the back boards at the Sanford range have been deliberately shot up two weeks in a row. Police had to be called to the Berwick range for a complaint of shooting after hours. The police caught the person(s) responsible.

This kind of disregard for club rules will no longer be tolerated by the Board. Anybody caught dumping trash, shooting after hours, deliberately damaging club property, or breaking other club rules or bylaws will have their membership revoked.

- 1) **Range hours are sunup to sundown, seven days a week.**
- 2) The back boards will be checked and changed once a month at both ranges.
- 3) If you see anyone at the ranges not following club rules, please do not confront them. Call a Board member. Our numbers are listed on the website. The club is here for all members to enjoy. This kind of willful disregard affects everyone. Please do your part in keeping the ranges safe for all our members.
